

## ESSC Open Show 27<sup>th</sup> February 2022

Judge: Mrs Afke Bruijn (v. 't Maartenshuis) – The Netherlands

I would like to thank the committee for inviting me to judge at this lovely show. I consider it as a great honour and I hope everyone has enjoyed the day as much as I did. My special thanks are for my two stewards, Sheila Stock and Stuart Gruszka, they stood by my side the whole day. Also I like to thank my brother Willem who took the photos in difficult circumstances (very windy outside) but was helped by the glamorous assistant Sheila Riding. And at last but not least I like to thank the exhibitors for their top quality entry and their sportsmanship. Looking back at the photos I realize that I'm very blessed with so many beautiful shelties present at this show.

### Minor Puppy Dog (2,2)

1. Thornley's Felthorn Barnaby Rudge: 7 month tricolour dog with a very sweet expression, excellent eye placement and almond shaped, very well placed and carried ears, well balanced head, beautiful long reach of neck, legs straight in front, very well angulated in front and rear, good depth of chest, lovely long tail, moved very well. Overall a harmonious and alert dog who just needs to get more experience on shows which I'm sure that he will. **BPD**

2. Miles's Milesend Black Tartan: 7 month tricolour dog with a sweet expression, beautiful rich in tan, carried his ears very well but I would like to see the ears a bit nearer placed on the head. Beautiful almond shaped eye, good balanced head, good reach of neck. He has very good bone, legs straight in front, very well angulated in front and rear and moved very well. Was excellent presented on the table and on the floor.

### Puppy Dog (3,2)

1. Forster Parish's Lowick Blueberry: 7 month blue merle dog with a very sweet expression and with beautiful tan markings and a lovely blue colour. Very nice head with good eye placement and almond shaped, ears carried very well but a bit placed on the side of the head. He's very well angulated in front and rear, he's moving very well with good drive. Legs straight in front and very good bone, well presented.

2. Aaron & Durant's Shelridge Santino At Neraklee: 9 month golden sable dog with a very sweet expression and with a nice dark and nicely set eye, good ear placement and carriage, well balanced head. Very well angulated in front and rear, legs straight front, nice top line, moved very well. He was a bit unsure because it was his first show but I'm sure he will be more confident in the future. It was a very close decision with number 1.

### Junior (4,1)

1. Goldie's Blenmerrow Mazurka: 16 month golden sable dog with a sweet expression but he wasn't very keen on showing his ears today. A bit feminine in head and bone but he still has some time to mature. Nice eye placement and good shape, good ear carriage, well balanced head. Legs straight in front, lacked some angulation in front which showed in his movement, well angulated in rear, good drive behind. Nice top line and for a dog a really long tail. He's a bit unsure but with ring training or shows that will come in time.

### Novice Dog (3,3)

1. Miles's Milesend Kingfisher: 18 month blue merle dog with a lovely expression, lovely blue colour. He's well angulated in front although it shows different, good reach of neck, well angulated in rear, legs straight in front, good bone. Nice head, beautiful almond shaped and placed blue eyes, ears well placed but wasn't very eager to show his ears. Like all in this class very distracted to the surroundings of the ring, in time with practice this will go much better. Very well presented.
